ABHISHEK KRISHNA B

Full-Stack Blockchain Developer | Web3 | AI Systems Builder

📞 +91 9884512115　　@ krishnaabhishek753@gmail.com　　🔗 linkedin.com/in/abhishekkrishna1/　　📍 Chennai, TN

OBJECTIVE STATEMENT

First-year engineering student skilled in C++, full-stack web development, and blockchain technologies. Actively building prototypes using Solana, IPFS, ERC-721, and Mapbox. Seeking opportunities to contribute to AI-driven or Web3 projects while advancing toward system-level programming and AI framework development.

EDUCATION

B.Tech in Information Technology

SRM Institute of Science and Technology

📅 08/2024 - 08/2028　　📍 Chennai, India

- Coursework: Advanced Programming Languages, Algorithms and Data Structures, Computer Architecture, Operating Systems, Machine Learning, and Network Security.

KEY ACHIEVEMENTS

🚩 **Built a Full-Stack Property NFT Prototype**
Developed a decentralized application integrating **Solana smart contracts**, **ERC-721 standards**, **IPFS** for document storage, and **Mapbox** for geospatial property visualization.

⭐ **Conducted an Interschool Competition**
Conducted a quiz event on high school where I acted as the digital head and management

SKILLS

JavaScript	Solidity	React.js	Next.js	Web3.js	IPFS	PostgreSQL	Git & GitHub

CERTIFICATION

Programming with C ++
C++ fundamentals, advanced programming techniques, and real-world applications, from building dynamic programs to managing complex data structures

MongoDB+Query+Optimization+ Techniques
optimizing query performance using indexing, query restructuring, and execution plans

MongoDB+Aggregation+ Fundamentals
building powerful aggregation pipelines to process, transform, and analyze data efficiently in MongoDB

INTERESTS

🔗 **Blockchain Innovation**
Passionate about advancing robotics technology and exploring innovative solutions to complex challenges.

🌐 **Geospatial & Visual Tech**
Enjoy working with geolocation tools like Mapbox to visualize data-rich environments, especially for property ownership and land systems.

🏆 **AI Ethics**
Deeply interested in the ethical implications of AI and committed to developing responsible AI solutions.
